

The STEM Connection - Young Adult Summer Intern 2024

The STEM Connection is a non-profit organization that works to engage youth in STEM principles through accessible, nature-related experiences with a commitment to those who are under-represented in STEM fields. Programming is built on the Indiana Academic Standards and is connected with ongoing conservation projects that honor the land and waterways of Indiana and seeks to grant access to those underrepresented in STEM fields. TSC is committed to being diverse, equitable, inclusive, and accessible.

Core Values: We take care of ourselves, others, and our earth.

Job Description

TSC is looking for a qualified young adult, aged 18-22, to join our team as a temporary full-time paid intern. TSC offers experiential STEM programming for youth. TSC works with schools, families, and other youth-serving organizations to provide award-winning, relevant services that empower and impact youth for today and tomorrow.

Interns should be prepared to work in a fast-paced team environment. At the end of the internship, interns will have gained broad experience in various aspects of experiential STEM education, nonprofit organizations, and a professional work environment. Interns primarily provide program support for summer camps and field trips.

Responsibilities

- Assist in facilitating programming: primarily summer day camps, and occasional field trips or other events and opportunities
- Help organize, collect, prepare, and manage materials for programming
- Participate in garden and farm maintenance, wildlife conservation, sustainability practices, and water quality analysis
- Duties as assigned

Requirements

- A desire to work with and serve youth
- Excellent verbal and written communication skills
- Driven, patient, and hard-working
- Ability to take direction and multi-task
- Experience with Google applications (Drive, Docs, Slides, etc.) is a plus
- Majoring in education or a STEM-related field and/or experience working with youth a plus
- Successful completion of a background check
- Completion of TSC Onboarding, Youth Protection Training, Summer Staff Training
- Ability to work full-time (Monday-Friday, 8:30 am-4:30 pm) June 3-August 2, 2024 (off July 1-5)

Benefits

- Practical experience with STEM education best practices
- Shadowing, mentoring, and training opportunities with successful nonprofit professionals
- Opportunity to participate in networking experiences and staff training opportunities
- Flexible schedule for students
- Competitive Compensation starting at \$14.75/hour
